Agentic AI Deployment & Success · Enterprise CX, CCaaS & UCaaS · Contact Center AI Builder

PROFESSIONAL SUMMARY

Enterprise CX and cloud communications professional with 10+ years in UCaaS, CCaaS across sales, customer success, and enablement, now hands-on building and deploying agentic AI for the contact center. Designing AI voice and chat agents, workflows, and guardrails in platforms like Zoom and Dialpad, grounded in a decade of knowing how enterprises buy, adopt, and get lasting value from these systems. Certified Dialpad Contact Center and Agentic Delivery Partner, with the rare mix of deep CX domain expertise and the hands-on skill to build the AI now reshaping it. That combination means producing real solutions independently; faster and more efficiently with AI, without trading away the human judgment these environments demand.

CORE EXPERTISE

Agentic AI Design & Deployment · Contact Center AI (voice & chat agents, guardrails, workflow design) · CCaaS & UCaaS Strategy · Customer Success & Adoption · Enterprise CX Transformation · Sales Enablement

Platforms: Zoom, Dialpad, RingCentral (hands-on) · NICE, Twilio, Five9, Genesys, Cisco (landscape)

System Administration: Salesforce, Gong, Highspot, Docebo, Atlassian, Airtable, Expandi

Data & Project Delivery: Tableau (dashboard development & access management), Asana (cross-functional project coordination)

AI: Agentic AI development, LLM application, prompt engineering, Python

PROFESSIONAL EXPERIENCE

Agentic AI & Cloud Communications Consultant

Jan 2026 – Present

Matrice IT Advisors · Denver, CO

- Build full contact center environments in Zoom from the ground up, agentic voice and chat agents, quality management, workforce management, and AI expert assist, with intent-based skill paths that hand off to connected tools and APIs.
- Design and build agentic AI agents in Dialpad, developing the workflows, skills, and guardrails behind a natural, reliable experience with human-in-the-loop escalation.
- Advise reseller and partner teams on aligning CCaaS and UCaaS solutions to CX outcomes across RingCentral, Twilio, Zoom, and Dialpad, with landscape fluency across NICE, Five9, Genesys, and Cisco.
- Build enablement content that accelerates partner certification and sales readiness.
- Publish CX and AI thought leadership on LinkedIn several times weekly.

Lead Financial Advisor

Mar 2023 – Dec 2025

Northwestern Mutual / Inverness Wealth Management · Denver, CO

- Championed the rollout of an internal GPT-based knowledge system, enabling a team of 10 to research across internal knowledge bases and compliance documentation; drove adoption through hands-on enablement, use-case development, and peer coaching.
- Applied LLMs daily for meeting-note capture, client follow-up synthesis, and accelerated research, building practical, workflow-level fluency with the tools.
- Ran full-cycle, multi-stakeholder solution sales in a regulated, high-trust environment, acquiring and expanding \$5M+ in assets and exceeding production targets by more than 2x through consultative discovery and value-based storytelling.
- Presented complex recommendations to executive stakeholders, translating technical detail into clear business outcomes across long, multi-decision-maker cycles.

Sales Compensation Enablement & Communications Manager

Sep 2020 – Feb 2023

Twilio · Denver, CO

- Built and owned Twilio's most-used enablement resource on Highspot plus a comp knowledge wiki in Atlassian, giving 400+ sellers and managers a single self-serve source of truth and cutting compensation-related support tickets 60% YoY.
- Served as enablement and communications lead for the sales compensation function, owning planning, content, systems audits, and end-to-end delivery across all annual and bi-annual comp cycles.
- Built dashboards and reporting for forecasting, incentive effectiveness, and performance analysis, enabling data-driven decisions across sales leadership.
- Partnered across Sales, Product, and Marketing on GTM initiatives, NPI launches, and field communications, improving readiness and time-to-productivity.
- Recognized as a Values Champion and elected to the Sales Manager Council.

Customer Success Manager

May 2019 – Sep 2020

RingCentral · Denver, CO

- Managed and grew 40+ enterprise accounts totaling \$5M+ ARR, driving adoption across UCaaS and Contact Center solutions to 108% MBO attainment and a 9.7 NPS.
- Sold one of the first RingCentral Contact Center deployments (partnered with NICE) in North America to a major enterprise account.
- Owned the full customer lifecycle — implementations, migrations, and operational requests — as primary contact across IT, operations, and executive stakeholders.
- Ran adoption campaigns aligning feature rollouts to customer workflows, and surfaced expansion through usage analytics in partnership with Sales.
- Elected to RingCentral's Customer Success Advisory Board to represent the CS team and help shape the function.

Sr. Sales Enablement Manager, Head of Sales Operations & Enablement

Nov 2017 – Dec 2018

Cloud Elements · Denver, CO

- Built a full sales onboarding and certification program from scratch — e-learning, instructor-led training, role-plays, and 30/60/90 plans — on an enterprise LMS built for scalable delivery and tracking.
- Owned the sales tech stack as administrator across Gong, Docebo, LinkedIn Learning, Confluence, and Atlassian, introducing new tools through vendor research and negotiation.
- Built a Sales Ops ticketing process in Salesforce and created dashboards and reports for pipeline visibility and leadership decision-making.
- Facilitated pipeline reviews and QBRs, and planned and executed the annual Sales Kickoff, bringing operational structure to a hyper-growth environment.
- Invited to speak at the Docebo user conference in Toronto based on the LMS build.

Sales Enablement Manager

Feb 2016 – Oct 2017

RingCentral · Denver, CO

- Designed and delivered enterprise and mass-market sales onboarding across all segments (SOHO through Enterprise), improving new-hire ramp speed and quota readiness.
- Administered multiple enablement and training systems, keeping content delivery, certification tracking, and field education running at scale.
- Organized and hosted an internal webinar series for ongoing field education and cross-functional alignment.
- Mentored a summer intern as a direct report; earned certification in Selling Through Curiosity.

Signature Accounts Manager

Feb 2015 – Feb 2016

RingCentral · Denver, CO

- Managed 500+ accounts totaling ~\$1M ARR, exceeding 100% quota for both new bookings and recurring revenue retention across the full year.
- Owned the end-to-end customer relationship, coordinating all RingCentral projects from onboarding through expansion.
- Built trusted relationships through consultative discovery, issue resolution, and tailored solutions aligned to each customer's needs.

Account Executive / Global Sales Account Manager

Oct 2012 – May 2014

AT&T · Atlanta, GA & Denver, CO

- Managed a 30+ enterprise account portfolio representing \$30M+ ARR, exceeding growth, expansion, and new-logo quotas across complex telecom and network solutions.
- Selected for AT&T's Business Sales Leadership Development Program, a competitive rotational track admitting roughly 1 in 100 applicants, then placed on an accelerated path into enterprise account management.
- Built and maintained executive-level relationships driving renewals, retention, and long-term expansion, including full new-logo responsibility during a partner's leave.
- Developed deep technical fluency across wireline infrastructure (MPLS VPN, T1/T3, hosted services, BVoIP); certified in Axiom's Science of Consultative Selling.

EDUCATION

Master of Business Administration (MBA) — University of Denver, 2020

Bachelor of Arts, Communication — University of Oklahoma, 2010
